EXPERIENCE

OGMATECH IT CONCEPTION | ANDROID DEVELOPER

INTERN

Jan 2019 – Feb 2019 | Metropolitan,Kolkata

- Worked in one of the mobile application project which guides or act as online mentor for the people who are interested in gym and yoga.
- Worked with other team members to create the system using android and php in the back end.
- Contributed in designing and code of the project,I was working in front end of the application.

PROJECTS

QUIZ APPLICATION |PERSONAL PROJECT

|Mar 2019 – May 2019 |

- It is offline quiz with added facility,where we can add our question categorically in the quiz.This application is very helpful for revision purposes.
- I manage to design and developed this application in my own,it is fully developed in android and sqlite database.
- Project-Link:// [github](#)

HEALTH APP |PERSONAL PROJECT FOR FITNESS FREAKS

|Nov - In Progress|

- Develop a online mobile application which guides or act as online mentor for the people who are interested in gym and yoga..
- It is developed using android and php in the back end.It has features like it can locate nearby gym center and guides how to be fit.
- Project-Link:// [github](#)

ZUMBLE WORD GAME |PERSONAL PROJECT (GAME)

|Jul 2019 – Sep 2019 |

- It is a mobile game in which we have to guess a word using letters from the screen and each correct guess will give you some points.
- This application is developed using android and xml only, where letters are created dynamically according to size of word.
- Project-Link:// [github](#)

WEB CRAWLER |PERSONAL PROJECT

|Jan 2020 – Feb 2020 |

- It is a simple application that can extracts data or image from the web page. I have used a library called Beautiful Soup and python for developing the app .
- This application extracts text or image from the web page like(flipkart,amazon etc) which can be used for data visualization and many other purposes.
